

I am excited to announce for the first time in school history that Cosby Elementary has been designated as a Tennessee Reward School. Cosby has earned this award for excellence in student achievement, excellence in student growth, and excellence in student attendance. First, I thank God for being extremely good to our school. He has always provided everything we have needed. Second, I want to say how proud I am of the tremendous effort our students, faculty, and staff have put into making Cosby Elementary a great place to learn, grow, and work. Their work ethic, positive attitude, and willingness to push forward out of their comfort zone has been amazing and inspirational. Third, I want to congratulate our parents and community members for supporting Cosby Elementary and making this possible. All of you are valuable team members who encourage the kids to do their best, bring your kids to school daily, and step up to provide a multitude of supplies and opportunities for our students to assist them in being successful. Finally, I would like to say thank you to everyone for allowing me to be a small piece in this historic Reward School achievement. I am proud to call Cosby my home and it is an honor to serve my community. At this present time we are going to take some time to celebrate, recognize, and enjoy this Reward School achievement. Looking forward to the future we will continue to chase excellence at Cosby Elementary by providing the best education and school experience possible for each of our students.

*Thank You,
Wade Williams
Cosby Elementary School
